No purpose in this notice will require us to keep your personal information for longer than the period of time in which users have an account with us.

When we have no ongoing legitimate business need to process your personal information, we will either delete or anonymize such information, or, if this is not possible (for example, because your personal information has been stored in backup archives), then we will securely store your personal information and isolate it from any further processing until deletion is possible.

6. HOW DO WE KEEP YOUR INFORMATION SAFE?

In Short: We aim to protect your personal information through a system of organizational and technical security measures.

We have implemented appropriate and reasonable technical and organizational security measures designed to protect the security of any personal information we process.

However, despite our safeguards and efforts to secure your information, no electronic transmission over the Internet or information storage technology can be guaranteed to be 100% secure, so we cannot promise or guarantee that hackers, cybercriminals, or other unauthorized third parties will not be able to defeat our security and improperly

8. WHAT ARE YOUR PRIVACY RIGHTS?

If you choose to remove cookies or reject cookies, this could affect certain features or services of our Services.

If you have questions or comments about your privacy rights, you may email us at aquabroskc@aquabroskc.com.

9. CONTROLS FOR DO-NOT-TRACK FEATURES

Most web browsers and some mobile operating systems and mobile applications include a Do-Not-Track ("DNT") feature or setting you can activate to signal your privacy preference not to have data about your online browsing activities monitored and collected. At this stage, no uniform technology standard for recognizing and implementing DNT signals have been finalized. As such, we do not currently respond to DNT browser signals or any other mechanism that automatically communicates your choice not to be tracked online. If a standard for online tracking is adopted that we must follow in the future, we will inform you about that practice in a revised version of this Privacy Notice.

California law requires us to let you know how we respond to web browser DNT signals. Because there currently is not an industry or legal standard for recognizing or honoring DNT signals, we do not respond to them at this time.

11. PRE-EXISTING DAMAGE & WAIVER

The contractor is not responsible for loose siding, crumbling mortar, oxidation, wood rot, or any pre-existing chips and cracks that may be exacerbated by the cleaning process. The contractor communicates and asks the customer beforehand if there are already any pre-damaged parts of the property. A video is recorded before the cleaning process on the property to ensure all damages on the property were already present before the time of service. By accepting our services, the client accepts these terms and will not claim us to be responsible for said damage.

12. WATER ACCESS & ELECTRICAL REQUIREMENTS

The customer agrees to provide the contractor with access to an outdoor water faucet with steady pressure and, if necessary, a grounded 120V electrical outlet. If a water buffer tank is required due to low flow, additional fees may apply or deny service.

13. WINDOW & SEAL DISCLAIMER

While we take every precaution, the contractor is not responsible for water leakage through any wrongfully sealed openings. Such as windows, doors, ventilation points, and gaps within the wall. Every customer is advised to keep all openings sealed and secured to ensure closure during the cleaning process.

14. PLANT & PROPERTY PROTECTION

The contractor will pre-soak and post-rinse all vegetation during cleaning service. However, it is the customers' responsibility to provide any information of any sensitive plants that are surrounding the area of the pressure washing service. The contractor is not responsible or liable for any damages to plants resulting from standard cleaning solutions.

15. STAINS VS. CLEANLINESS

The contractor's service is a cleaning, not a restoration of any kind. The contractor does not guarantee the removal of deep-set oil stains, battery acid, rust, or hard water staining. These types of stains will require special treatments to remove at an additional cost if applicable to do so.

16. THE "NOTICE OF LIEN"

A formal statement notifying the customer that the law allows you to claim an interest in their property if the bill remains unpaid within 30 business days after service is done to the client's house. The client agrees to pay the full invoice amount upon completion of services unless otherwise stated in writing. Failure to pay for completed services may result in additional collection efforts, including, late fees, collections, legal action, and, where permitted by Missouri law, the filing of a lien or other claim against the property for unpaid labor and services. The client is responsible for any reasonable collections costs, court costs, attorney fees, or filing fees incurred in recovering unpaid balances. By accepting services from AquaBrosKC LLC, the client acknowledges and agrees to these terms and conditions.

17. CHEMICAL & RUNOFF COMPLIANCE (EPA)

Customers shall identify any specific drainage issues or local ordinances regarding runoff. The contractor will use industry practices to insure runoff compliance but the customer assumes responsibility for property specific environmental compliance.

18. AUTHORIZATION TO USE PHOTOS & VIDEOS

The contractor is granted permission to take and use before and after photos/videos of the property for marketing/media and training purposes. No personal information or addresses will be disclosed in the media of the customers' property.

Cancellations regarding a service less than 3 hours before arrival, may be subject to 'Trip Fee' or 'Cancellation Fee' of \$50.

20. FINAL WALK-THROUGH & DISPUTE WINDOW

Customers shall inspect the service after the cleaning is done. Any claims of damage or unsatisfactory service must be reported in writing within 48 business hours. Failure to A report within this timeframe will constitute full acceptance of the work.
